Contractor [ ] Search

Bond Number [ ] Search

©1997 AAWS Web Services

This is the main menu. The system has identified the user and the date. From here you can navigate to any part of the system. Look across the horizontal bar. You can enter a new bond, search for an approved bid bond, search for an approved bid bond that is over 180 days old, search for a pending bond, or search for a dead bond.

Let's start by searching for all pending bid bonds. A pending bid bond is a bid bond that has been entered into the system but, is waiting to be approved.

Click on "pending bonds" on the horizontal bar.

Search Pending Bonds by:

Owner/Obligee [ ] Search

Contractor [blank for universal search-] Search

©1997 AAWS Web Services

You will see that the "Pending Bond" section in the horizontal bar is highlighted. You may enter the name of a contractor or owner/obligee and do a specific search. Let's search for all of your pending bonds. (remember that the system knows who you are what bonds you are authorized to view)

To search for all pending bid bonds simply leave the fields blank and click on the "search box" next to the contractor field.

This is a very valuable tool for the surety agent. As each bid bond is entered into the system for your agency, the bid bond will be listed here in chronological order of bid date. This screen can be used as a daily work list of bid bonds to be approved. The appropriate surety company can see the pending bid bond and accept it as the bid bond request. To the right of the screen is "edit" and "view". (sorry, the printer cannot print items that you must scroll to the right to see on a monitor.)

Let's click edit. (remember, you cannot see "edit" here but, you will be able to see it on your monitor).

This is a pending bid bond. It is a review of the information as it will appear when it is approved. You can change the bid date, estimated contract price, amount of bid bond, ifb number and the description of the job. Then you can return it into the pending list, approve the bid bond, or send it into the dead file where it cannot return.

Surety2000 found the contractor for you. Sometimes Surety2000 will find several contractors for you with similar names. You pick the exact name by clicking on the name. In this case there is only one ABC Contracting Inc. If there was ABC Plumbing, ABC Electrical, etc. you would choose from that selection.

Click on ABC.

This is a final review of all the information before the bid bond is executed. THE DATE OF THE ENTRY TO THE SECOND IS ARCHIVED. The entry date and time will become the time of execution on the next screen. Note: just as a paper bid bond must be issued on time for a bid letting, a Surety2000 bid bond must be approved prior to the bid letting time. The owner/obligee will take note of this time. The NAIC code is also listed in order to specifically identify the surety.

Review the information and click on "Finish". The next screen is the bid bond.

This is your electronic bid bond. The code at the top is the "authorization code". This code must be given to your contractor. The contractor will present this code at the bid letting along with the bid. The owner/obligee will login to Surety2000, insert the "authorization code" and view the bid bond as you see it here.

The surety will be able to view all executed bid bonds by their agents.

You may print this screen and use it to fax the code to your contractor and retain it for your records.

A bid bond can be executed or put into pending by knowledgeable surety personnel in less than ninety seconds.

Surety2000 has been proven to save money, decrease errors, deter fraud, and provide an overall better service to your contractor.

A contractor has to be entered into Surety2000 before a bid bond can be executed. There is no fee for entering a contractor. As you use the system you will enter a contractor when you are entering the first bid bond for that contractor. (You could enter your entire list all at once if you choose.)

Go to the vertical column at the left. Click on "contractors". You can search for an existing contractor or enter "new contractor". Click on "new contractor" and complete the fields on the next screen.

This is the login page. You will need a user name and password. Each owner/obligee will be given one user name by Surety2000. That person will choose a password and also decide who will be able to use the system within their agency. . An owner/obligee can only *view* executed bid bonds. No changes or transactions can be made.

We have used the State of Illinois Department of Transportation for the purposes of this presentation. The user name and password are entered and then click next.

This is the electronic Surety2000 bid bond. The exact date and time of the bid bond approval is archived. The name of the surety and the NAIC code is submitted. This code designates the exact surety and avoids the confusion of similar surety names. The name of the person who executed the bid bond is at the very bottom.

All information that is inserted in bid bond forms is presented here. The bid bond form is herein agreed that it is the form within the specification.

This screen can be printed and retained.

Simply insert the next authorization code in the bond number field and click submit to view the next bid bond.
